THE WEEKLY DIGEST

Volume 29—Number 5

Week of January 30, 1955

In TWO Sections

Section TWO

INDEX TO VOLUME 28

July Through December 1954

As you know, items in *QUOTE*, arranged alphabetically according to subject matter, are regularly assigned an index number. In our semi-annual index, the first numeral in each reference indicates the issue of *QUOTE*, the second numeral refers to the location of the item within that particular issue, according to its index number. Thus, in the first column of this index, "Action—8-1;" tells you that an item on Action will be found in the eighth issue of *QUOTE* under index number 1.

One or more letters, following an issue number, refers to material in regular departments. For example: "Advertising—5-IB;" indicates that an item on Advertising appears in the column *In Brief* in issue number 5. The reference to "America, Constitution—10-Wa;" means that an item on that subject appears in the *Washington* column in issue 10. The reference to "Accidents—2-e;" means that an item on that subject will be found in the regular *Good Stories* section of issue 2 under index letter e.

Quotations in the section *May We QUOTE You On That?* are also numbered consecutively. In the index, a reference such as "Atomic Age—5-6Q;" refers to a quotation on that subject in the 5th issue, numbered six in the *May We QUOTE . . .* section. When the Q is followed by the letter W, as under "Diplomacy—15-Q-W;" a reference is made to the special "Quote of the Week" appearing in the *May We QUOTE . . .* section. When the letter t follows the Q, as in the reference "Birth—2-1Q-t;" it indicates the special *Quote-ette* feature in issue 2. A complete list of department abbreviations appears below:
